

SAFETY ALERT: Cobabies baby cot

Date of notice

27 June 2025

Name of product

Cobabies baby cot

Product picture

Sample taken from

Seller "Babymylovesg" on Lazada

The Consumer Product Safety Office has issued a notice to Babymylovesg to cease supply of the baby cot.

During the testing of this sample, it was found that the product did not comply with the following requirements from EN 716-1:2017 "Furniture - Children's cots and folding cots for domestic use":

- There were gaps and openings in the baby cot that can pose an entrapment risk to the baby's body parts such as the fingers and limbs.
- There was an opening on the storage pocket on the cots' exterior that can pose an entrapment risk to a baby's head.
- When the movable side was adjusted to its highest position, the force needed to operate the locking system was low enough for a baby to operate it, posing a fall risk to a baby from potentially escaping the cot due to the inadequate locking system.
- When the mattress base was in the upper position, the mattress folded easily when pulling or pushing actions were applied to the bed base, posing an entrapment risk to a baby from a folded mattress.
- The instructions and warnings provided were not in accordance with the requirements (e.g., content, format, language).

No report of incident or injury related to the use of this product has been received to date.

Consumers who have bought the product are advised to stop using it immediately.
