

Lenovo Group Limited recalls Lenovo USB-C Laptop Power Banks (20,000 mAh)

Lenovo Group Limited detected a manufacturing defect in certain Lenovo USB-C Laptop Power Banks (Part number: 40ALLG2WWW) which were manufactured between January and June 2022, and sold since 2023.

Lenovo has determined that in a limited number of units, the power bank's internal screws can come loose, causing a short circuit, and overheating of the lithium-ion battery, posing a fire hazard.

Affected Units.

Batch number: **40ALLG2WWW** + Date when the units were manufactured:

22/01, 22/02, 22/03, 22/04, 22/05, 22/06

To confirm if your Lenovo USB-C Laptop Power Bank (Part Number: 40ALLG2WWW) is affected, follow the instructions below:

1. Verify the Part Number (10 digits) = **40ALLG2WWW**
2. Verify the Manufacture Build Date is one of these months: (YY/MM) **22/01, 22/02, 22/03, 22/04, 22/05, 22/06**

Consumers in possession of the affected power bank should immediately stop using it and disconnect it from all devices. Click [here](#) to submit their request for a replacement power bank, or visit Lenovo's [website](#) for more information on the recall.
