

SAFETY ALERT: Edison KUB-011 baby cot

Date of notice

27 June 2025

Name of product

Edison KUB-011 baby cot

Product picture

Sample taken from

Seller “ydfgbbs3.sg” on Shopee

The Consumer Product Safety Office has issued a notice to ydfgbbs3.sg to cease supply of the baby cot.

During the testing of this sample, it was found that the product did not comply with the following requirements from EN 716-1:2017 “Furniture - Children's cots and folding cots for domestic use”:

- When the movable side was adjusted to its highest position, the force needed to operate the locking system was low enough for a baby to operate it, posing a fall risk to a baby from potentially escaping the cot due to the inadequate locking system.
- Parts of the cot base broke under an impact that was similar to the weight of a baby, posing a fall risk to a baby from potential collapse of the cot base.
- When in its lowest position, it was found that the movable side of the cot could pose an entrapment risk to a baby’s body.
- The instructions and warnings provided were not in accordance with the requirements (e.g., content, format, language).

No report of incident or injury related to the use of this product has been received to date.

Consumers who have bought the product are advised to stop using it immediately.
