Sample taken from

Seller “Celine House” on Shopee

The Consumer Product Safety Office has issued a notice to Celine House to cease supply of the baby walker.

During the testing of this sample, it was found that the product does not comply with the following requirements from ASTM F977-22 – Standard Consumer Safety Specification for Infant Walkers:

- The baby walker could tip over when passing over a step, resulting in a potential fall hazard.
- The leg opening on each side of the walker’s seat does not meet the standard requirements and could result in a potential entrapment hazard.
- The baby walker can be moved even with the parking device engaged.
- The instruction and warnings provided were not in accordance with the requirements (e.g. content, format, language).

No report of incident or injury related to the use of this product has been received to date.

Consumers who have bought the product are advised to stop using it immediately.
